CARLISLE TROUBLED OVER BOND ISSUE

A COMPLICATION FOLLOWS THE RECENT SALE.

Secretary of the Treasury Must Show Cause Why a Mandamus Should Not Be Issued—Competition in Printing—Statistics of Exports—General Washington News.

Washington, April 14.—William Graves of New York city on Monday filed in the district supreme court a petition for mandamus to compel Secretary of the Treasury Carlisle to deliver to him bonds to the amount of $4,500,000 of the recent issue of thirty-year 4 per cents. The petition sets out that he bid for this amount of bonds at $115.3391 Feb. 4 last, and complied with all the regulations; that his bid was once accepted; that the original notice of allotemnt was not sent to him as to other bidders, and though requested, no allowance was made by the department for the time lost by the negligent act of the department in misdirecting the original allotment notice.

The contention is made that the refusal to deliver these bonds allotted to him in New York, as required, was a mere subterfuge to prevent the petitioner and those who might associate with him for carrying out the terms of the bid and completing the purchase of the bonds, and that the requirement that the petitioner deposit the gold in the sub-treasury at New York and transfer the deposit certificates to the treasury department here was a requirement not exacted of other successful bidders, a great hardship to him, and an invasion of his right to have the bond delivery made at New York.

After claiming that the refusal of the department to accept payment for the bonds allotted to him after the date fixed for the payment of an installment is an exercise of arbitrary power, and which is unwarranted by law, the petition asks that the secretary of the treasury be restrained from delivering to J. Pierpont Morgan & Co. or any other persons the $4,500,000 bonds allotted to Graves.

Judge Cole issued an order requiring Secretary Carlisle to appear Saturday, April 25, and show cause why the mandamus asked by Graves should not be issued.

Competition in Printing.

Washington, April 14.—At the instance of Mr. Gorman, the senate Monday determined to open the publication of the patent office gazette to general competition. The rest of the day was given to the Dupont case, Senators Burrows (Mich.) and Brown (Utah) supporting Mr. Dupont's claim.

Mr. Cullom gave notice of an amendment to the sundry civil bill providing that out of the appropriation made for the bureau of engraving and printing the bureau shall provide the full amount of internal revenue stamps required by law and that the printing of postage stamps shall be done by contract to the lowest bidder.

Senator Gordon of Georgia gave notice of a proposed amendment to the naval bill appropriating $50,000 for arms, accouterments, etc., for the naval militia of the various states.

Statistics of Exports.

Washington, April 14.—A statement prepared by Mr. Worthington C. Evans, chief of the bureau of statistics, shows that the exports of breadstuffs during March were $10,096,557, against $8,716,411 in March, 1895; of cotton $19,005,570, against $15,271,926 a year ago; of mineral oils $4,359,244, against $3,036,766 a year ago, and of provisions $12,823,749, as compared with $13,258,780. For nine months ending March 31, 1896 (except cotton, which statistics are for only seven months), the comparison with the same period ended March, 1895, is as follows: Breadstuffs, 1896, $102,688,649; 1895, $79,995,694; cotton, 1896, $160,119,086; 1895, $166,879,280; mineral oils, 1896, $45,563,750; 1895, $31,554,308; provisions, 1896, $120,034,883; 1895, $123,827,829.

Will Not Aid Mrs. Maybrick.

Washington, April 14.—Senator Hoar, from the committee on judiciary, on Monday reported back Senator Call's resolution interposing intervention in the case of Mrs. Maybrick. It recited briefly that the proposed intervention was not a subject within the jurisdiction of the senate. A vote was about to be taken on indefinitely postponing the resolution when Senator Allen suggested that it would be well to wait until the author of the resolution was present before disposing of the matter. Thereupon the resolution went to the calendar without action.

Bankruptcy Bill Ready.

Washington, April 14.—The house committee on judiciary has finished its work on the bankruptcy bill, and Chairman Henderson will report the bill to the house this week, where it is expected it will be called up in a few days. This is one of the bills which the committee on rules is disposed to give an early opportunity for consideration. Representative Bailey, of Texas, will make a minority report for the substitute bill.

Proceedings in the House.

Washington, April 14.—The house spent Monday transacting business relating to the District of Columbia. Several bills were passed. It was the intention of Mr. Bartlett (dem., N. Y.) to call up his bill to authorize racing in the District of Columbia, but he was given no opportunity to do so. It is expected that he will ask unanimous consent for the consideration of the bill today.

A MOVE OF IMPORTANCE.

Alleged Scheme to Capture the Presidential Election.

Washington, April 14.—Democratic leaders, it is said, have matured a plan to capture the presidency next fall by organizing a split at Chicago, putting two tickets in the field and then bringing the two wings of the party together in the electoral college.

The silver leaders have been scheming on the proposition for months, and very lately passel it along for the consideration of the managers of the sound-money element, by whom it has been received with open favor. The White House has been the scene of several consultations on this most important matter within the last four or five days, friends of sound money, not only in congress but from many of the ranking financial and commercial centers, having responded to hasty summons to meet and discuss questions of supreme concern to the party welfare. The result of all this is that a thorough understanding has been reached, and that democratic hopes are higher at this writing than they have been in two years.

The struggle for the control of the convention at Chicago is to be kept up to the last. There will be no compromise or suggestion of compromise on either side. If the sound-money element can control a sound-money ticket will be nominated on an uncompromising sound-money platform. There will be no pretense of a straddle or of a desire to placate the silverites. On the contrary, the iron will be driven into them and riveted on the other side. If the silver men prove to be strong enough to take charge of the convention and keep it they will adopt the same tactics proposed in behalf of the other side. It will be a fight to a desperate finish.

TO INVESTIGATE CUBA.

Gen. Fitzhugh Lee Appointed Consul-General at Havana.

Washington, April 14.—The President has stolen a march on Spain in the appointment of General Fitzhugh Lee, of Virginia, as consul general at Havana, vice Ramon O. Williams, resigned. He has long wanted to send a special commissioner to Cuba to ascertain exact facts with regard to the scope and significance of the revolution, but from the outset he encountered the angry opposition of the Madrid government, which resented the suggestion as insufferable impertinence and gratuitous intermeddling in a strictly family affair. He could not move Spain from this view, but he never for a moment abandoned the idea. It suddenly occured to him that he could accomplish his purpose by appointing a consul general at Havana, who could serve in the double capacity of diplomatic representative of this government and commissioner—the latter, of course, under private instructions. After a careful canvass of names he selected General Lee as best fitted to perform the delicate duty. General Lee, as consul general, can go wherever he pleases without interference from the Spanish authorities. His appointment is regarded as of the greatest importance. It is significant also in another respect as foreshadowing delay in executive action in the Cuban matter until the President can obtain results from the Fitzhugh Lee expedition.

August Johnson Missing.

Rock Island, Ill., April 14.—Victim number eight of the Bastian farm has been discovered in the failure of relatives to account for August Johnson, who had worked for Bastian four years ago. He disappeared at the time and Bastian reported that he had gone west. He still has $500 to his credit in a bank at Orion.

McKeever Defeats Young Griffo.

New York, April 14.—A fair-sized crowd gathered at the Empire Athletic club, Maspeth, L. I., Monday night to witness a twenty-round boxing bout between "Young Griffo" of Australia and Charlie McKeever of Philadelphia. At the end of the twentieth round the referee gave the decision to McKeever.

Board of Education Elected.

Davis, Ill., April 14.—The United Evangelical conference elected a board of education Monday, as follows: For three years, Bishop R. Dubs, J. Schneider, T. L. Haines; for two years, William Caton, Fred Grimsel, J. C. Plagge; for one year, H. H. Rassweiler, S. F. Entorf, I. J. Vogelsang.

Support for Spanish Cabinet.

London, April 14.—The Madrid correspondent of the Standard says that the new chamber elected on Sunday will certainly support the government in resisting American interference in Cuba, and that it will also be a very strong protectionist body.

To Prolong the Dreibund.

Paris, April 14.—A dispatch to the Matin from Venice says that Emperor William and King Humbert, at their conference on Saturday last, decided to prolong the dreibund until 1902, the present agreement including an offensive as well as a defensive clause.

FOUR MEN KILLED ON THE TRESTLE

FATAL ACCIDENT TO A BRIDGE-BUILDING CREW.

Four Killed and Three Injured Near Bedford, Ind—Train On Which They Were Riding Fell Sixty Feet—The Road Is Blockaded.

Bedford, Ind., April 14.—Four men were instantly killed, two fatally injured, and another badly hurt in the wreck of a trestle on the Bedford Belt line Monday morning. The dead and wounded are:

CHARLES OGDEN, conductor.
JOHN SHERMAN, fireman.
WARREN LEMOND, bridge foreman.
EDWARD BEVINS, carpenter.
JAMES DAVIS, carpenter.
GEORGE MEINZER, engineer.
HENRY DEVAULT, brakeman.

Ogden, Sherman, Lermond, and Bevins were instantly killed. Davis died of his injuries later. Engineer Meinzer is not expected to survive. Brakeman Devault jumped nearly thirty feet from the falling car, and, though badly hurt, will probably recover. Wilbert Dobson, another carpenter, escaped with trifling hurts.

The accident happened a mile and a half from Bedford Junction, on the belt railroad, on which the stone from the Bedford quarries is transferred from one road to another. The train consisted of an engine and two gravel cars. While passing over what is known as the Standard trestle the last span from the direction of Bedford collapsed. The locomotive was at that time beyond the trestle, and had it not been pulled from the track by the weight of the cars behind it the men on the engine would have escaped. As it was, the two cars went down with the trestle into a hollow sixty feet deep, and the engine rolled over and plunged down the embankment.

It seems that the trestle was undergoing repairs at the time, but it was thought that it could be crossed in safety. The Belt road is largely the property of John R. Walsh of Chicago. The engine is a total wreck. The breaking of the trestle will blockade the road for several days.

BILL TAYLOR REMOVED.

Brother of the Escaped Murderer In Jail at Kansas City.

Kansas City, Mo., April 14.—George Taylor, one of the murderers of the Meeks family, who escaped from the Carrolton jail Saturday night, has not been recaptured. Bill Taylor was brought to Kansas City Monday for safe keeping. The people of Carrolton were in an angry mood and there was danger that he would be lynched. They talked bitterly to a reporter who went there against Sheriff Stanley, through whose carelessness, they asserted, George Taylor escaped. Absolutely no effort to recapture George Taylor is being made, and there is not the slightest clew to his whereabouts. Sheriff Stanley said he did his best to guard the men. He said he would hang Bill Taylor according to programme April 30.

Knocks Out Prohibition Law.

Yankton, S. D., April 14.—A decision of the Supreme court sustaining the saloon license ordinance in face of the prohibitory state law is creating consternation in prohibition circles. An appeal was taken from the justice and circuit courts of Yankton county from a verdict against a saloon-keeper for selling liquor without a license. He contended that the city ordinance conflicted with the state constitution, which prohibits the sale of liquor. Now the Supreme court sustains the ordinance.

Miners' Union to Ballot Today.

Ishpeming, Mich., April 14.—Whether 30,000 men shall be idle or employed will be settled to-day, when representatives of Northern Miners' union ballot on the question of demanding the eight-hour day. All delegates are instructed, and it is feared the demand will carry, in which case collision between the miners and operators appears unaboidable. Local union men favor dropping the demand until a more favorable opportunity.

Murderer Zuelke Captured.

Crystal Lake, Ill., April 14.—Julius Zuelke, who shot and instantly killed a farmer named E. David near Fox Lake, Wis., April 4, was captured in this place by Detective Lafe Benthusen, of the Chicago and Northwestern railway. He is now locked up pending the arrival of a Wisconsin officer with requisition papers, as he refuses to return without them.

Conference Closes at Mendota, Ill.

Mendota, Ill., April 14.—The Illinois conferenece of the Evangelical association closed its fifty-second annual session here Monday. Geneseo and Washington made application for the holding of the next annual conference. Washington won by 10 majority.

A FIERCE STRUGGLE DOWN IN KENTUCKY

WARM CONTEST FOR THE KENTUCKY DELEGATES.

Governor Bradley Making a Great Effort to Control the State—McKinley Men Claim a Majority—Senator Cullom Still In the Race—General Political Gossip.

Lexington, Ky., April 14.—Returns from the fourteen county conventions held Monday indicate that there will be a hot fight between the McKinley and Bradley men in the convention at Louisville Wednesday. Of these fourteen counties, more than half cannot be heard from on account of having no telegraphic connection, but the returns from the ones reported show an almost even divide, McKinley leading by about ten delegates and increasing his advantage over Gov. Bradley to twenty-six. The uninstructed counties of which there are fourteen, hold the balance of power, and on these the time of the leaders will be spent. The four delegates-at-large are conceded to Bradley, but after his name is dropped they are for McKinley. The Bradley men will doubtless secure twelve of the twenty-two delegates to the St. Louis convention, six of these conventions being held today.

CULLOM STILL IN THE RACE.

Illinois Senator Declares He Does Not Intend to Withdraw.

Springfield, Ill., April 14.—The Hon. J. Otis Murphy, who is a delegate to the national republican convention from the 17th Illinois district, and who is under instructions to vote for McKinley, has received the following telegram from Senator Cullom, from Washington: "I have not withdrawn and do not intend to withdraw."

The Cullom club of this city has sent out a circular letter to all the delegates to the state convention, asking them to vote down in the convention any instructions to the delegates to the national convention, so that if after the first ballot in the national convention, if there is no choice, Illinois may be in condition to make favorable terms.

Fusion Talked Of in Indiana.

Indianapolis, Ind., April 14.—The candidates for state offices and the other representatives of the republican party who have come here to attend the meeting of the state committee, are concerned about information they have received to the effect that the democrats and populists of the state are endeavoring to form a coalition. The leading democrats here say there is no foundation for the story. The populist leaders admit that they hope there may be an opportunity for them to make some sort of a campaign arrangement with the democrats. With this hope before the party it has postponed its state convention until after the democrats have held their state convention and until after the democratic national convention.

Silver Sentiment in Michigan.

Lansing, Mich., April 14.—George R. Malone, state organizer for the prohibitionists, says that there will not be much of a struggle over the adoption of a free-silver plank by the state convention to be held this week, notwithstanding the fact that Chairman Dickie of the national committee, who is a strong advocate of the gold standard, will vigorously oppose such action. During the last three months Malone has attended most of the county conventions at which delegates to this week's conventions were elected, and he says that fully two-thirds of the delegates will favor a free-silver plank. Dickie's idea is to make prohibition the sole issue. It is expected that about 400 delegates will attend the convention.

Crisp Cancels All Dates.

Atlanta, Ga., April 14.—Ex-Speaker Charles F. Crisp has called off the last of the joint debates between himself and Secretary Hoke Smith, at Lexington to-day, and also to cancel all the engagements he has made to deliver speeches at other points in this state. Crisp states that he does this on the advice of his physician, who informed him, after a careful examination, that he was threatened with heart failure, and warned him against a continuance of his speechmaking tour. The ex-speaker says that it is possible that he may resume his free-silver campaign later on, but that for the present he has decided to submit his chances to the people on his talk already made.

Aspires to High Honors.

Topeka, Kas., April 14.—Ex-Gov. Llewelling has announced that ex-Congressman W. A. Harris of Kansas would be a candidate for president before the national populist and free-silver conventions. Chairman Breidenthal is for United States Circuit Judge Caldwell of Arkansas. He wants Harris to run for governor, and considers him the only man who can defeat Llewelling, who is also a candidate for governor.

Favor the Ohio Candidate.

Tecumseh, Neb., April 14.—Bud Lindsey of Lincoln and H. A. Dovey of Johnson county were elected delegates to the St. Louis convention by the first district republican convention here Monday. Both are ardent supporters of McKinley. Brief resolutions were adopted favoring the candidacy of McKinley. Yet it is understood the entire Nebraska delegation will go to St. Louis unpledged.

Instructed for Hopkins.

Sycamore, Ill., April 14.—The DeKalb county republican convention met in this city Monday. Thirteen delegates were selected to the state convention; also thirteen delegates to the senatorial convention and nineteen to the congressional convention. They were instructed for A. J. Hopkins for governor and F. E. Hills for clerk of the Supreme court.

Populists Cheer Gov. Boies.

Webster City, Iowa, April 14.—Hamilton county populists held a convention Monday and elected delegates to the state convention. Gov. Boies was cheered for his stand on the money question. The poulists here, however, are opposed to fusion.

Mexico, Mo., April 14.—The democratic county convention indorsed Horace Boies for president, provided that Richard P. Bland or Gov. W. J. Stone of Missouri cannot be nominated. The convention declared unanimously for free silver.

For Altgeld and Free Silver.

Lawrenceville, Ill., April 14.—The democratic convention met here Monday, declared for free silver, and indorsed the administration of Governor Altgeld. A. J. Hunter for congress and W. P. McClure of this county for the legislature, were indorsed.

Winchester, Ill., April 14.—The Scott county democratic convention indorsed the administration of Governor Altgeld and declared that the democratic candidate for the presidency should be a western man.

Cannot Deliver the Goods.

Omaha, Neb., April 14.—J. H. Winspear, ex-state president of the A. P. A., does not believe the executive committee in its attempt to knife McKinley can deliver the goods. So far as the local members are concerned they are for McKinley almost to a man. Other A. P. A. leaders express the same view.

AT JEFFERSON'S TOMB.

Prominent Democrats Meet to Honor the Founder of Their Party.

Monticello, Va., April 14.—Monday, the 153d anniversary of Thomas Jefferson's birth, was fittingly observed here, where he lived and died, by the gathering of a large number of prominent democrats from all sections of the country. The distinguished guests included Vice-President Stevenson, Secretary Herbert, Postmaster-General Wilson, Attorney-General Harmon, ex-Gov. Russell of Masachusetts, Chauncey F. Black and Lawrence Gardner, president and secretary, respectively, of the National Association of Democratic clubs, and nearly two scores of senators and representatives, besides a number of national committeemen. The party left Washington in a special train in the morning, arriving in Charlottesville about noon and proceeded at once to Monticello, about two miles distant from the town. Three addresses were delivered—the first by Chauncey F. Black, the second by ex-Gov. Russell and the third by Senator Daniel of Virginia. The greatest interest attached to the speeches of the two latter. Mr. Russell standing squarely on a "sound-money" platform and Senator Daniel combating his position with a free-silver argument. The party returned to Washington about 9:30 at night.

Will Form a Tin-Plate Pool.

Pittsburg, Pa., April 14.—A meeting of manufacturers of tin and terne plates will be held here on Wednesday to organize a pool. The formation of the steel billet pool to control prices for the next two years, it is claimed, compels the tin-plate manufacturers to take some action to protect themselves from foreign competition. The shoe manufacturers also are interested in this question and may join with the tin and terne plate men in trying to knock out the billet pool.

Gov. Altgeld's Case in Abeyance.

Champaign, Ill., April 14.—The Champaign county circuit court has taken a recess until Monday, June 1, without having done anything with the indictments against Gov. Altgeld and the other trustees of the university for alleged failure to comply with the flag law of the state. Sheriff Cannon says it is understood that during the recess he is to serve the warrants and pass upon the security for appearance. He supposes the cases will come up in June.

Driven from Their Homes.

St. Cloud, Minn., April 14.—The Mississippi river is rising rapidly. The water rose five feet and people living on the levee north of the city were driven from their homes at midnight, their houses being surrounded by water and floating ice. The jam broke the pipes conecting with the water mains on the east side of the river. The water is still rising and more damage is feared.

Thinks Holmes Hopes for Delay.

Boston, Mass., April 14.—Deputy Superintendent of Police Orrin M. Hanscom, the former Pinkerton chief and city detective who first arrested H. H. Holmes, the arch criminal, in this city, expressed the opinion that the confession was written to excite sympathy among scientists and medical men, in the hope of postponing his execution.

MILWAUKEE DADS MEET IN CAUCUS

CREAM CITY FATHERS IN SESSION.

They Will Select a President of the City Council Today—The Populists Are Generally Encouraged and are Thinking Seriously of Starting a Daily Paper.

Milwaukee, Wis., April 14.—The republican aldermen will hold a caucus to-day to decide upon a choice for president of the common council and a city clerk. The populists of the city are greatly encouraged by the showing made by them in the recent city election, and will take steps to establish an English paper here.

KILLS HER FRIEND.

Murder Followed by Suicide on State Street in Elgin, Ill.

Elgin, Ill., April 14.—At 8 o'clock Monday evening a tragedy was committed on State street, near the residence of Judge David B. Sherwood. One of the victims was his cousin, Elizabeth Trowbridge, aged 35 years, the other was Miss Mary Linnett, aged 18. They were walking with Miss Alice Trowbridge, a sister of Elizabeth. Suddenly without any warning or indication of what was to happen Miss Linnett drew frim her pocket a revolver and shot Elizabeth Trowbridge, the bullet taking effect in her heart. She fell dead, and the murderess placed the weapon against her own temple and followed murder with suicide. Miss Alice Trowbride ran screaming to Judge Sherwood's house and told the awful story. It appears that the murderess had been a patient at the asylum. Last December she was discharged as cured. She went to her home in Chicago and is believed to have remained there until she came out Monday. The murderess tried to induce her victim to acompany her to Chicago. Failing in this, the two walked down the street to where Alice Trowbridge boarded, and with her were retracing their footsteps when the tragedy occurred. The prominence of the two parties, and the fact that Miss Linnett is reported to have been concerned in a somewhat similar tragedy in Chicago a few years ago, lends additional interest to the affair. Miss Trowbridge was an asylum attendant.

Mississippi Courts Sustained.

Washington, April 14.—Justice Harlan Monday delivered the opinion of the supreme court of the United States in the cases of John Gibson and Charles Smith vs. The State of Mississippi, tried and found guilty in the state courts of murder.

The plaintiffs in error in both cases are colored men, and it was alleged that in their trial there was a denial of justice, because no men of their own color had been summoned to sit upon the jury. The state courts had denied the petition for a transfer.

Justice Harlan sustained this decision of the state courts, holding that it was competent for the state of Mississippi to prescribe the qualification of jurors as to intelligence and morality.

American Diplomat Complimented.

London, April 14.—America has nobly won more diplomatic honors. Strange to relate, the achievement was made known to the world through a high official of this government in the British house of commons. The announcement, delivered with much gusto by the under secretary of foreign affairs, was that John W. Riddle, American charge d'affaires at Constantinople, had secured the repeal of the sultan's irade banishing Christian missionaries from the Turkish dominions.

Methodist Fight Won by Women.

Pittsburg, April 14.—The question of the admission of women as delegates to the general conference of the Methodist Episcopal church has been practically settled in their favor. A letter received by Rev. C. W. Smith, editor of the Pittsburg Christian Advocate, from Rev. D. S. Monroe, of Altoona, secretary of the general conference, stated that the constitutional amendment to that effect has received more than the requisite three-fourths vote in the annual conferences.

Secretary Morton Saving Money.

Washington, April 14.—It is the expectation of Secretary Morton to have covered back into the treasury at the end of the present administration in the neighborhood of $2,000,000 from the appropriation for the agricultural departments for four years of which he shall have been at its head. To do this he plans to save $500,000 a year, but the aggregate may be smaller than hoped for, owing to the rigid pruning of estimates. Already the amount returned to the treasury from these appriations has reached $1,014,000.

Filibusters to Be Arrested.

Philadelphia, April 14.—Warrants have been issued here on the oath of the Spanish consul for the arrest of Captain O'Brien, First Officer Murphy and the second officer of the British steamer Bermuda, charged with carrying a filibustering expedition to Cuba. The accused men were not taken into custody, but went to New York and surrendered themselves to the United States marshal in that city.

DELIGHTFUL indeed was the party given by the Rusk Literary Lyceum at the Armory last evening. The big hall was tastefully decorated; the music furnished by Smith's orchestra of eight pieces was inspiring and the arrangements were perfection. The orchestra stand had been moved to the southeast corner of the room which was a great improvement and the sweet strains came from behind a row of palms while an American flag was draped in the form of a canopy above the musicians. The opposite corner had been arranged as a reception room. There were twenty numbers on the dancing program and among those present were:

WOMAN'S RELIEF CORPS CELEBRATE

Eleventh Anniversary Is Marked—Dr. Whiting Given a Badge.

W. H. Sargent Post Woman's Relief Corps, celebrated the eleventh anniversary of the corps at the G. A. R. hall last evening with a social dancing party. Light refreshments were served and Merrill's orchestra furnished the music for the dancers.

In the course of the evening a graceful honor was paid to Surgeon General J. B. Whiting when Mrs. Harriet Mc Guire stepped forward, and in well chosen language prerented Dr. Whiting with a handsome badge showing his rank. Dr. Whiting responded feelingly showing his appreciation of a gift that reflected the esteem of the loyal and unselfish women who compose the crops. The badge was presented to the relief corps by George A. Warren, he having ordered it with the idea of its being presented to the doctor.

The badge is the official insignia of the rank of surgeon general and is only to be worn on state occasions. It differs only from the regular G. A. R. badge in the bar, which has a single star on it.

BAD BOYS SENT TO WAUKESHA

Dan Rusche, of Beloit, Is Sentenced For Burglary.

Dan Rusche, the Beloit boy who burglarized the Brittan residence, was sent to the reform school at Waukesha yesterday afternoon. The burglary was thoroughly done. Not a drawer or trunk escaped the pillagers. The burglary was discovered a few days ago, but the police kept the matter quiet until Sunday, when they arrested two boys, fourteen years old, Dan Rusche and James McDonold, who confessed to the crime, and gave up some of the stolen articles. No one knows how much of value the boys took, but it probably amounted to several hundred dollars.

Salvini in the Three Guardsmen

In selecting "The Three Guardsmen" for his engagement here, Salvini has chosen wisely as it is the most popular of the plays of romance. Salvini's "D'Artagnan" is a handsome fellow, picturesquely clad, of stout voice and stouter heart, with a nimble wrist, a quick rapier and a tender eye. He speedily makes his audience forget the pathos and highflown sentiment of the drama and makes even the blase theatre goer acquire a quicker pulse for courage and warmer sympathy for woe. If the heroes of old time romances are to live, it can only be by the force, dash and magnetism of an actor such as Alexander Salvini; without such a one, their bluster becomes ridiculous and their adventures but tawdry burlesque.

A number of bills were paid.
Considerable street work was ordered done.
Important changes were made in the committees.

All the aldermen were present except Alderman McLean. The report of the city treasurer was received and referred and Bauman & Beyers saloon license was transferred to A. W. Bauman. The judiciary committee canvassed the election returns and their report was adopted, the candidates elected being the same as have been published before. Chairman Heddles, of the finance committee reported favorably on a lot of bills and they were ordered paid. The matter of A. C. Kent's proposed sewer was referred to the aldermen of the Third ward, Ald. Burnham of the sewerage committee reporting that it was not a sewer but a drain and therefore outside of the committee's jurisdiction. The pipe only intended to carry off the water from Court street hill. Orders were then adopted as follows:

Street Work Laid Out.

Alderman Smith—That the street commissioner clean the catch basins at the corner of Pleasant street and Center avenue, on Pleasant street and the intersection of the Chicago, Milwaukee & St. Paul railway, and on Madison street and the intersection of the Chicago, Milwaukee & St. Paul railway; also to replace the broken tilling on the southwest corner of Madison and Wall streets; also to put in a block crosswalk across Jackson street on the south side of Dodge street.

Alderman Winslow—To put in a twelve inch drain on the south side of Court street, from Main street to the river; also to build a crosswalk across South Main street on the north side of South Second street: also that A. C. Kent be granted permission to pave south half of Court street from South Main street to Park street at grade, he to hold the city free from all costs and damages.

By Alderman Stearns—Directing the street commissioner to build a cedar block cross walk across Washington street on the south side of Highland avenue; also across Mineral Point avenue, south side of Washington street; also across Chatham street, north side of Mineral Point avenue.

By Alderman Inman—That the city engineer prepare and file a profile and specifications for a grade for sidewalk on Carrington and Wheeler streets in the Third ward.

Changes in Committees.

Alderman Inman introduced the following resolution, which was adopted:

RESOLVED, By the mayor and common council of the city of Janesville, that rule 13 of the rules of the common council be amended so as to read as follows:

7. Schools, one from each ward.

By this resolution two committees—those on Manufacturing and Railroads, are dropped, and the others are better arranged. After the adoption of this resolution, adjournment was taken.

WHO GETS MONEY FOR JUDGING ADS

LIVELY CONTEST AMONG READERS OF THE GAZETTE.

Crisp Greenback Is Waiting For the Person Who Picks Out the Best Advertisement From the Gazette Each Day In April—Conditions of this Offer.

A strong demand for back numbers of The Gazette has been created by the the prize advertisement contest.

Ten dollars can't be earned easier than by selecting the best advertisement in the The Gazette each night and mailing them to The Gazette office May 1.

As long as back numbers hold out complete files can be furnished.

The idea of the advertising competition has come to be pretty well understood. It is as this:

In every issue of The Gazette there appear a good many pretty good ads and a good many pretty poor ones.

The good ones bring profit to the advertiser and cause his face to be wreathed with smiles.

The poor ads cost just as much, but produce less result, and induce a loss of faith in the value of advertising.

This is all wrong!

We want more GOOD advertisements.

The way to make a good advertise ment is to try to make a good one—try hard.

To encourage good advertising The Gazette inaugurates this friendly contest.

The $10 bill goes to the reader who selects the best display ads that appear in The Gazette during April—one each day.

These are the conditions:

One display ad. is to be clipped from each issue of the Daily Gazette for April and marked with voter's name and the date of issue.

The bunch of advertisements—one from each issue in April—are to be mailed to the Gazette before 6 p. m. Saturday, May 2.

Voters may prepare more than one list if they chose.

The best ad. for each day will be determined by counting the ballots sent in at the end of the month. No ad. is to appear twice in one list.

The contest is confined to display ads—not reading notices or locals. Janesville ads only.

Size, the typographical beauty and verbal cleverness are not the essential qualities. The "best ad" under the terms of this contract, is the one that seems likely to draw the most business. No matter if the wording be clumsy and and the typography poor, the ad. that brings results, is the best ad the world over.

The ad that makes a hundred people say "That's a fine ad" is good, but the ad that makes a dozen people buy, is better.

Read these conditions carefully, subscribers and non-subscribers, and get your scissors ready.

Soothing, healing, cleansing. De Witt's Witch Hazel Salve is the enemy to sores, wounds and piles, which it never fails to cure. Stops itching and burning. Cures chapped lips and cold sores in two or three hours. C. D. Stevens

IMPORTANT TO SUFFERERS.

HOW YOU MAY OBTAIN A LASTING CURE FROM PILES.

No Surgical Operation, No Pain, Trifling Expense—A Simple, Harmless Remedy, But It Does the Work.

There are some people who have piles as frequently and regularly as other people have colds.

Any little bowel trouble will bring them on, any extra exertion, as in lifting, will produce them, and in fact will often appear without any apparent provocation. Piles, however, are much more serious than a cold, as the tendency is always to grow worse until the trouble becomes deep seated and chronic, or develops into some fatal rectal disease.

While there are many pile remedies which give relief, yet there is but one which not only gives instant relief but at the same time makes a *permanent* cure, and that is the well known Pyramid Pile Cure.

This remedy is composed of simple, harmless, vegetable ingredients, but combine so effectively and act so promptly and thoroughly that it cures every form of piles whether itching, blind, bleeding or protruding.

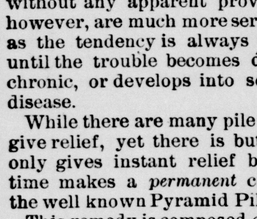
In long standing cases the Pyramid Pile Cure has proven to be the only certain cure except a surgical operation, and its advantages over an operation are many, as it is painless, causes no delay or interference with daily occupation and, last but not least, is cheaper than any surgical operation could possibly be, costing but a dollar a package at any drug store.

The cases that the Pyramid Pile Cure will not reach are so few that physicians are doing away with operations for piles and depending on this cheap but effective remedy to accomplish a complete cure, and it never disappoints except in cases beyond the reach of medical skill.

The Pyramid Pile Cure is prepared by the Pyramid Drug Co. of Albion, Mich., and for sale by druggists everywhere at 50 cents per package. Each package contains a treatise on cause and cure of piles, together with testimonials from every section of this country.

COUGHS AND COLDS.

ELY'S PINEOLA BALSAM is a sure remedy for coughs, colds, sore throat and for asthma. It soothes quickly abates the cough, and reduces expectoration easy.



CONSUMPTIVES will invariably derive benefit from its use. Many who suppose their case to be consumption are only suffering from a chronic cold or deep seated cough, often aggrivated by catarrh. For catarrh use Ely's Cream Balm. Both remedies are pleasant to use. Cream Balm, 50cts. per bottle; Pineola Balsam 25c. Sold by druggists. ELY BROTHERS. 56 Warren St., New York.

ARE TO FORM A CITIZENS CLUB.

Committees Issue Open Letters to the Public—Mrs. DeVoe to Lecture.

EDITOR GAZETTE:—A movement has been on foot for some time to organize *a Citizens Club* for the systematic study of Political science and the cultivation and practice of good citizenship. Mrs. Emma Smith DeVoe will deliver a free lecture in "All Souls," on Wednesday evening, April 15, at 7:30, on "What Constitutes Good Citizenship From a Woman's Point of View." It is the purpose of this lecture to arouse interest, and if possible to open the way for the organization of a club for the study of Political Science. The plan is to make the movements absolutely non-personal, non-factional and non-partisan. We need, as all admit, a more open-minded and intelligent municipal life. We need better citizens. Study and discussion and a friendly interchange of opinions upon matters of social and political importance is the immediate object of the enterprise. Every public-spirited man or woman in the city is personally and urgently invited to join hands in this work.—COMMITTEE FOR ORGANIZATION OF CITIZENS CLUB.

CLEAR LAKE BOY INJURED.

Harry Paxson Fell Under the Wheels of a Wagon

Clear Lake, April 14—Little Harry Paxson was quite seriously hurt while trying to catch on A. O. Vincent's wagon on his way to school, recently. He lost his hold, and fell off, under the wagon wheel. The wound inflicted, while not a dangerous one was quite ugly looking, and Harry will have a very sore head. Dr W. H Oviatt was quickly summoned. The fine refreshing rains are welcome callers at this time of the year. The grass is beginning to look green and farmers can soon turn their cattle out to grass. A. L. HER HAPPY DAY.

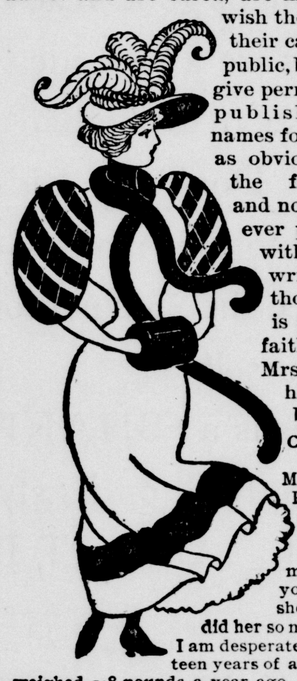
A CHARMING STORY OF MEDICINE AND MARRIAGE.

Two Open Letters From a Chicago Girl—How Happiness Came to Her.

Among the tens of thousands of women who apply to Mrs. Pinkham for advice and are cured, are many who wish the facts in their cases made public, but do not give permission to publish their names for reasons as obvious as in the following, and no name is ever published without the writer's authority; this is a bond of faith which Mrs. Pinkham has never broken.



Chicago, Jan. 5th, '95.

My dear Mrs. Pinkham:—A friend of mine, Mrs. ——, wants me to write you, because she says: "you did her so much good." I am desperate. Am nineteen years of age, tall, and weighed 138 pounds a year ago. I am now a mere skeleton. From your little book I think my trouble is profuse menstruation. My symptoms are * * * * etc.

Our doctor (my uncle) tells father that I am in consumption, and wants to take me to Florida. Please help me! Tell me what to do, and tell me quickly. I am engaged to be married in September. Shall I live to see the day? * * * * LUCY E. W.

Chicago, June 16th, '95.

My dear Mrs. Pinkham:—

This is a happy day. I am well and gaining weight daily, but shall continue the treatment and Vegetable Compound during the summer, as you suggest. Uncle knows nothing about what you have done for me, because it would make things very unpleasant in the family. I would like to give you a testimonial to publish, but father would not allow it. * * * * I shall be married in September, and as we go to Boston, will call upon you. How can I prove my gratitude? * * * * LUCY E. W.

Just such cases as the above leak out in women's circles, and that is why the confidence of the women of America is bestowed upon Mrs. Pinkham.

Why are not physicians more candid with women when suffering from such ailments?

Women want the truth, and if they cannot get it from their doctor, will seek it elsewhere.

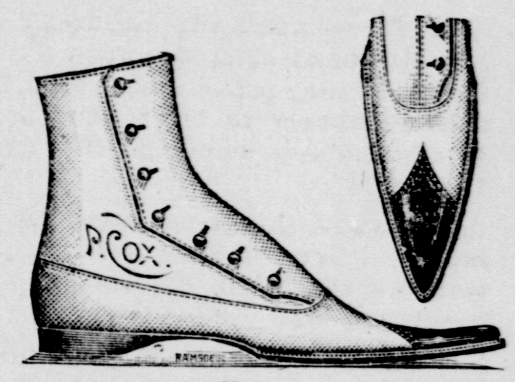
To The Younger Ladies

we are especially talking today. We have investted in footwear for the misses to a great extent this spring and have found the prettiest line for the "not too young and not too old" ladies that they ever saw. There are four styles in blacks and tans we will emphasize in this paper talk.

No. 1.

Style No. 1 isa dark tan shoe made on the extreme needle toe and also the new round toe so popular at present in the east.



No. 2.

Styles No 2 and 3 are spring heel shoes, sizes running from 2½ to 4½, with the needle and new round toe. We have them in either black or tan leather and both button and lace.

No. 3.

Style No. 4 is a hand sewed turn blacks and tans from 8 to 11 in size, either round or needle toe.

No. 4.

These Are Only Four Styles we show cuts of today but of course we have many more in stock. Our misses' and ladies' shoes all through are of a higher standard this year than ever. The styles and general make-up are on a higher plan than in years gone by.

IF IT IS NEW WE ARE SURE TO HAVE IT.

GIBSON AND FALLIN ARE SMOOTH MEN

POLICE THINK THEY CAUGHT CLEVER WORKERS.

Both Are Well Posted On Wisconsin Laws and Know What to Expect If They Are Convicted—Waived Examination and Went Back to Jail.

The police are inclined to think that two clever men were caught yesterday when Sheriff Appleby and Officer Hogan captured John Gibson and George Fallin, who are charged with breaking into the Norcross-Doty mill yesterday, and are confident that they have the right men. This morning both Gibson and Fallin were brought before Judge Phelps in the municipal court, and both waived examination, their their trial being set for April 23, at 2 o'clock in the afternoon. District Attorney Jackson appeared in behalf of the state, but the accused men had no counsel, and neither had anything to say. In default of $700 bail they were both taken back to jail.

Officer Hogan stated this morning that when the men were searched at the jail there was nothing found upon them except what is believed to be the stolen property. As it is a habit among "crooks" to carry as little as possible with them, this fact makes the police regard them with additional suspicion. They are both well posted on the laws of Wisconsin and seem to know about what to expect in case they are convicted. Gibson has but one arm. He now admits that New York City is not his home, but says that he lives in Tapola, Kansas. Fallin still insists that he is a New Yorker.

Something to Be Avoided.

Don't find fault; that is, in the flaw-picking, grumbling way. It not only makes you look and seem and feel disagreeable at the time, but it permanently mars your beauty. About the mouth there is certain to come a cluster of lines to tell the world at large of the peevishness of its owner. It makes the eyes smaller, because they contract at the time, and the lips grow extremely sensitive from continual biting.

Women's Feet Getting Bigger.

It is stated as a positive fact by those who should know that women's feet are becoming a little larger each year, owing to outdoor exercise. The average size is three points larger than ten years ago.

How Far a Farmer Walks.

Some one has found out how far a farmer has to walk to put in and attend forty acres of corn. To plow the ground with a sixteen-inch plow he walks 350 miles, to harrow it thoroughly before planting he walks fifty miles and to cultivate it afterward he will have to travel 350 miles, making a grand total of 750 miles, besides gathering.—Atchison Globe.

WRONG & RIGHT EATING.

One Makes Us Weak; The Other Makes Us Strong.

Wrong eating makes us weak, because it doesn't nourish us. It poisons us, because it sets up poisonous fermentation in our stomach and the poisons go into our blood.

Wrong eating is eating indigestible food, or eating more than our stomach is able to digest.

Right eating is eating digestible food, food that the stomach is able to digest, food that will nourish you when it is digested.

Right eating strengthens and invigorates the body, gives endurance, increases weight and restores health.

Wrong eating can be made right by taking the Shaker Digestive Cordial This preparation, made by the Shakers from simple herbs, roots and wine, is delicious, refreshing and strengthening to the body. It is a powerful aid to digestion.

It does not act by strongly stimulat the stomach, but with its own digestiue ferments acts on the food in the stomach, and reduces, instead of increasing, the work which the stomach has to do.

This is why it increases your strength, why it will cure you of all the bad effects of indigestion and of insufficient nourishment, and purifies your system of all dangerous indigestive poisons, when nothing else has been found to relieve you.

HO! FOR MISSOURI.

There is certain to be a decided activity in the sale of Missouri farms this year. During the last six months inquiry for improved farms in Missouri has been greater than ever before. There is no part of the West where more inviting prospects abound for the farmer, and but for the hard times all over the country there would be an actual boom in Missouri. The farmer who is looking for perpetual summer and never failing deposits of moisture, land that will raise abundant crops, and other Eden-like conditions, which everybody would like to have, will search in vain for those conditions, but if he will stop in Missouri and settle down to business he can approach nearer to his ideal than he can anywhere else in the Union. It has been the experience of Missouri farmers, that they have had as many blessings of Nature and as great a degree of prosperity as those of any other section of our great country. Missouri no longer turns the cold shoulder to home seekers. There is not a nook or corner of the state where the security of property, now, is not as well assured as in any other state in our land. Taxes are generally very low, and very much lower than they are in Wisconsin. Political opinions are no bar to the enjoyment of every right of citizenship. Sure crops, ample transportation for all products of the soil, convenient markets, cheap fuel, mild climate, abundance of timber of all kinds, pure water, nutritious grasses, blue grass pastures, and above all her vast crops of all kinds of fruits are among the advantages to the farmer. No state or locality leads MISSOURI in the production of fine fruits. Not even France or Spain, with their vast vineyards, have any advantages over Missouri in fruit-growing. In four years' time we have sold over $300,000 worth of improved farms in Missouri. We are now prepared to sell improved farms, in thickly settled locations with lands as good as any in Wisconsin, at from $20 to $40 per acre. We can furnish excursion rates to Macon, Mo.

We have A MOST BEAUTIFUL FARM of 800 acres right at a station of 3000 inhabitants on the Santa Fe railway, in Lin Co., for sale at $35 per acre. The buildings and improvements on this farm cost over $12,000. Can give time on two-thirds of price at six per cent. interest.

C. D. STEVENS,

THE workman often eats his lunch on the same bench where he does his work. The office man turns his desk into a dining-table. Neither gets the out of doors exercise he needs, neither takes the proper time for eating. It is small wonder that the digestion of both gets out of order. In such cases Dr. Pierce's Pleasant Pellets come to their assistance by aiding nature in taking care of the food.

The cause of nine-tenths of the sickness of the world is constipation. From this one cause come indigestion; disorders of the stomach, liver and kidneys; biliousness, headaches, flatulence, heartburn, impurity of the blood and the serious complications that follow. To begin with, constipation is a little thing, and a little thing will cure it. The "Pleasant Pellets" are tiny, sugar-coated granules. They will perfectly cure the worst cases of constipation and indigestion. If the druggist tries to sell you some other pill that pays him greater profit, just think of *what will best pay you.*
